Congratulations to all of our graduates and all of our students for their accomplishments this past academic year. I want to wish each of you the very best whether you are now moving on to your professional career, continuing into a graduate program, embarking on an internship or special program this summer, or just enjoying a summer break while you renew yourself to continue your education.

I want to thank all who have stood behind our students this past academic year supporting them and encouraging them, faculty, staff, family members, and fellow students.

If you have not registered for the Native American Student Advocacy Institute (NASAI), please visit the NASAI web-site and review all of the presentations that will be a part of this important opportunity to network and share best practices in Indian country for serving Native American students. I hope to see you at NASAI here on the WSU Pullman Campus!

Enjoy the newsletter and celebrate with us the accomplishments of the Native students at WSU! Co Cougs!

Barbara Aston
Director of Native American Programs
Tribal Liaison
