**CARING FOR ANIMALS DURING EXTREME HEAT**

We welcome the longer days and warmer weather that summer brings, but with shifting weather patterns and a trend towards higher temperatures, extreme heat is emerging as an issue for livestock.

Managing animals in high temperatures requires good planning. Keeping an eye on the weather forecasts, and developing a plan for days of high to extreme temperature is essential in ensuring that your animals will have sufficient shade and water on very hot days.

Extreme heat causes significant stress for animals. There are a few simple guidelines you can follow to reduce the impacts of high temperatures on animals.

- Plentiful supply of clean, cool water.
- Suitable shelter or shade. Best type of shelter protects the animals from the sun and allows for the cooling effect of wind to breeze through.
- Handling. Try not to handle the animals during the heat of the day. Try early mornings or late evenings.

Animals at high risk of heat stress include:

- Young animals
- Sheep that are newly shorn are at risk of sunburn
- Beef cattle with black hair suffer more than those with lighter hair, although those with pink skin are at risk of sunburn.
- Holsteins are less tolerant than Jersey cows
- Cattle, alpacas and llamas are more prone to heat stress than sheep and goats.

Identifying heat stress: \* *Panting* \* *Increased respiration rate* \* *increased water intake* \* *loss of appetite* \* *listless/lethargy* \* *increased salivation* \* *in severe cases may become unconscious.*

If your animals are showing signs of heat stress, actions to cool them down should be taken immediately.

### YOUR TIME MATTERS! DONATE HOURS TO 4-H

Leaders, every hour you spend supporting 4-H is a donation. By donating your volunteer hours, you give Yakima County 4-H the numeric proof we need to show our funders and higher-officials that our programs are greatly valued and needed. Officially donating (reporting) your hours also make you eligible for the Department of Labor and Industries medical aid program. Participation in the medical aid program allows an injured volunteer's medical expense to be paid by the Department of Labor and Industries. **What qualifies as volunteer hours?** Anything and everything you do for 4-H! Teaching, planning, prepping, shopping, paperwork, training, driving, calling, mentoring, presenting, emailing, even reading this! If it's for 4-H, it counts! <http://ext.wsu.edu/Volunteers/logon.aspx>.
