Located on the corner of Animal Science Rd and Terra View Rd, directly behind the Grizzly Bear Center

Farm News

Moving pumpkins with the tractor is really one of the highlights of my job! We started dabbling in giant pumpkins years ago and have had a checkered history with getting these lovelies to size up. This year, we were able to find a dedicated bed just for the big ones and they really appreciated the extra room. Next time you're at the farm you'll see the collection placed around the barn.

And, rest assured, the regular sized pumpkins are doing just fine! The Fall Harvest Festival is scheduled for Saturday October 12th, 10-4. We will have more details soon and are looking forward to a great event.

Tomorrow, Thursday the 19th, we will have a public tour from 3-5 p.m. If you want to tour the farm and hear about our production practices come stop by. The event is co-hosted by the Moscow Food Coop. [Participants can RSVP.](#)

Brad
