### Farm News

*Winter Greetings!!*

*I'm writing on behalf of Olabisi Adesanya, a WSU graduate student working on a research project involving the study of social media use in farm marketing. I have worked with this research group and after completing an interview about the Eggert Farm, have been asked to help gather input from the farm's customers. If you have a few minutes, she would be very grateful to anyone who is willing to take a short online survey. - Brad*

You are being sought to participate in an online survey that seek your perspective on improving our marketing efforts. The study is conducted by a WSU research group and involves taking an online survey. You will receive a \$10 gift card after participation. Please contact me by email if interested in the study with your name, email address and phone number.

Please let me know if you have any questions.

Thanks very much.
