Summer Undergraduate Research Experience

Who: Undergraduate students

What: Develop laboratory, fieldwork and research skills in the broad area of biofuels research. Full time research (for 9.5 weeks).

Where: Any of the participating Universities and Colleges within NARA.

All students will participate in the poster session on July 31 in Pullman, WA.

When: Program dates are roughly May 28 – July 31, 2015 (varies by location)

Why: Experience research firsthand

How much: Students are paid a stipend of $5000 for the full summer and expected to work full time. Housing and travel are covered.

Apply NOW: Application and info at nararenewables.org/ed
